â€œ Exposure to external crises which negatively affect the agricultural productive capacity (avian influenza and other trans-boundary insects and Sun, 18 Mar 2018 20:02:00 GMT Agricultural Sustainable Development Strategy 2030 - Permaculture is a system of agricultural and social design principles centered around simulating or directly utilizing the patterns and features observed in natural ecosystems. The term permaculture was developed and coined by David Holmgren, then a graduate student, and his professor, Bill Mollison, in 1978. The word permaculture originally referred to "permanent agriculture", but was expanded ... Sun, 18 Mar 2018 20:23:00 GMT Permaculture - Wikipedia - PhD Xtra - Be Expert.
