GMT Bye Bye Blues -
bluesageband.com - A melody
("singing, chanting"), also tune,
voice, or line, is a linear
succession of musical tones that
the listener perceives as a single
entity. In its most literal sense, a
melody is a combination of pitch
and rhythm, while more
figuratively, the term can include
successions of other musical
elements such as tonal color. It
may be considered the foreground
to the background
accompaniment. Wed, 14 Mar
